minacned

Association of Microsystems,
Nano- and Quantumtechnology

Learn more about the MinacNed Membership

MinacNed

As the micro-, nanotechnology Association, MinacNed offers benefits for all members:

- MinacNed is a trade association which:
  - Forms a network of companies and knowledge institutes
  - Offers networking events, focused on specific topics of interest
  - Hosts the annual MicroNanoConference aimed at supporting the community with excellent keynotes, company presentations and networking opportunities
  - Uses the collective voice to speak to policy makers to support the high-tech sector
- MinacNed as a knowledge authority
  - Share press releases and news items for the website and newsletter
  - Stay up to date with new and current funding programs
  - Share job openings
- MinacNed bridges the connection between industry and science
  - With other micro- and nano related international and national (branch) associations & partners
  - Subsidy and financing options: Public Private Partnerships
  - Lobby to keep nanotechnology on the map
